

MarketPlace for DynaRent/DealerSoft

What is MarketPlace?

- Full Cloud-based configuration of DynaRent / DealerSoft and Acumatica
- Allows smaller rental businesses and dealerships to enjoy the full breadth of features offered with DynaRent or DealerSoft
- Provides you with a complete software license without a "big company" price
- Allows growth and expansion into any other licensing to tier
- Ideal for
 - a. Companies with under 10 users
 - b. Rental business seeking to pilot DynaRent, DealerSoft or Acumatica before committing to a full license

MarketPlace Advantages

- Rapid implementation
- Complete software configuration including rental, sales, warehouse, service (optional), and accounting.
- A Cloud solution with bundled software and services for backup, security, Microsoft SQL Server support, and antivirus protection.
- Local support with Acumatica-certified implementation resources available at your option
